

# CSV 10

flexible and extraordinary

**WEZAG**

Features

## **Precise application**

Crimping of wire and insulation in one step

## **Flexible tool system**

Consisting of basic handle and tool head

## **Tool heads**

Can be replaced quickly and without tools

## **Price advantage**

Due to flexible exchange system

## **Compact design**

Can perfectly be used in hard-to-reach areas

## **Closed frame**

Optimally prevents spring deflection

## **Locator system**

Depending on tool head version available

## **WDT compatible**

With appropriate adapters, matrices can also be used as a machine-based processing solution

## **Ergonomics**

Soft handles ergonomically designed with slip protection

## **Releasable ratchet**

Ensures the complete crimp process

## **Quality**

Completely made of high-tempered special steel, specific stressed parts are specially heat treated

## **Long-life cycle**

High-precision manufacture, the tool is optimally adjusted at the factory and requires no further adjustment of the crimp force

## **Your strong trademark**

Special tools are only available as white label products. No additional competition from us as manufacturer brand!

## **individual Toolkit solution**

Tool series can be assembled to suit your customized repair solution

## **Handle colours individualizable**

Choose the right colour from our standard range of colours

## **Individual marking**

With your logo and further information such as article number and description
