

CS 30

solid and reliable

WEZAG

Features

Application possibilities

Up to 4 crimp profiles in only one die set possible, cross sections up to 16 mm²

Precise application

Crimping of wire and insulation in one step

Flexible tool system

Consisting of basic tool and crimp die sets

Die sets

Can be replaced quickly

Locator system

Optionally available in combination with die set

Price advantage

Due to flexible exchange system

Construction

High guidance capacity due to double-guidance-system

WDT compatible

With appropriate adapters, matrices can also be used as a machine-based processing solution

Ergonomics

Soft handles ergonomically designed with slip protection

Releasable ratchet

Ensures the complete crimp process

Quality

Completely made of high-tempered special steel, specific stressed parts are specially heat treated

Long-life cycle

High-precision manufacture, the tool is optimally adjusted at the factory and requires no further adjustment of the crimp force

Your strong trademark

Special tools are only available as white label products. No additional competition from us as manufacturer brand!

Individual Toolkit solution

Tool series can be assembled to suit your customized repair solution

Handle colours individualizable

Choose the right colour from our standard range of colours

Individual marking

With your logo and further information such as article number and description
