

CS 8

exact and reliable

WEZAG

Features

Application possibilities

Various turned male and female connectors in symmetrical 8-Indent technology

Smart crimp profile

Cross section adjustment is made automatically

Locator system

Depending on tool version available

Stepless crimp height adjustment

By adjusting wheel with locking device for protection against unintentional height adjustment

Display scale

Precise and stepless adjustable for crimp height adjustment in steps of 0.01 mm

Precise application

8 radially arranged crimpers process turned terminals from all sides uniformly and in accordance with DIN/EN 50109-2-3 standards

Without re-calibration

Incorrect settings due to incorrectly performed re-calibrations, which could occur with digital reading units, are prevented

Ergonomics

Soft handles ergonomically designed with slip protection

Releasable ratchet

Ensures the complete crimp process

Quality

Completely made of high-tempered special steel, specific stressed parts are specially heat treated

Long-life cycle

High-precision manufacture, the tool is optimally adjusted at the factory and requires no further adjustment of the crimp force

Your strong trademark

Special tools are only available as white label products. No additional competition from us as manufacturer brand!

Individual Toolkit solution

Tool series can be assembled to suit your customized repair solution

Handle colours individualizable

Choose the right colour from our standard range of colours

Individual marking

With your logo and further information such as article number and description
