

SHF 340

accurate and resilient

WEZAG

Features

Application possibilities

For burr-free cutting of Copper (CU) & Aluminium (AL) multi-conductor cable, solid- or stranded | \varnothing max. 34 mm | 1 1/4"

Step-by-step cutting

With excellent cutting result, burr-free and without bruising

Optimum power transmission

Allows fatigue-free working

Long-life cycle

Very long stability due to dimensionally stable tooth geometry

Release mechanism

Patented and with unlocking possibility in every cutting position

Locking lever

To store cable cutters optimally

Ergonomics

Soft handles ergonomically designed with slip protection

Quality

Completely made of high-tempered special steel, specific stressed parts are specially heat treated

Your strong trademark

Special tools are only available as white label products. No additional competition from us as manufacturer brand!

Handle colours individualizable

Choose the right colour from our standard range of colours

Individual marking

With your logo and further information such as article number and description

Versions

SH

various versions for burr-free cutting of copper (CU) & aluminium (AL), also available with ACSR or with 1000 Volt insulation
